

# Brand & **Collaboration Kit**

---

## Drybar Qatar

For social, influencer and media partners

Everything a partner needs in one file: who we are, how we sound, how the brand may and may not be used, how to tag us, and what we ask for in return. Read it once before you shoot.

EDITION 1.1 · 2026 · REVIEW ANNUALLY

# How to use this kit

*This is the file to send when someone asks for “your branding.” It replaces the ad-hoc explaining you are doing now.*

Send this kit to any content creator, agency, photographer, PR contact or mall marketing team before work begins. It answers the questions that otherwise arrive one message at a time, and it sets the boundaries early — which is far easier than correcting a post after it is live.

**THE SHORT VERSION**

Two rules matter more than anything else in this file. First: we do blowouts only — no cuts, no colour. Second: send us your draft before you publish. Everything else here is detail that supports those two.

**What is inside**

|    |                    |                                                   |

# The brand, and us

*Use the boilerplates below verbatim. They are pre-approved wording — please do not paraphrase them.*

## Drybar

Drybar is a blow-dry bar: a salon built around one service done exceptionally well. Founded in Los Angeles in 2010, the concept broke the rule that a great blowout has to come attached to a cut or a colour appointment. No cuts. No colour. Just blowouts — in a bright, buttery-yellow room designed to feel like an hour off rather than an errand. The format grew into one of the most recognisable names in modern hairstyling.

## Drybar Qatar

Drybar Qatar is operated under exclusive licence by Lukhraib Rose LLC. Our flagship sits on Gewan Island at The Pearl, open nine to nine every day, with a second location opening at The Gate Mall in September 2026. We bring the full Drybar standard to Doha — the same service menu, the same chairs, the same product wall — adapted thoughtfully to the way our guests in Qatar actually live: bridal season, Eid, graduations, and the Thursday-night dinner that needs to look effortless.

## Boilerplates — copy and paste

### **SHORT** — for bios, tags, captions

Drybar Qatar — blowouts only, done beautifully. Gewan Island, The Pearl, Doha. Open daily 9am–9pm.

### **STANDARD** — for press notes, partner decks, event listings

Drybar Qatar is the exclusive Qatar licensee of Drybar, the blow-dry bar concept founded in Los Angeles in 2010. No cuts, no colour — just blowouts. Our flagship is on Gewan Island at The Pearl, Doha, open daily from 9am to 9pm, with a second location opening at The Gate Mall in 2026. Drybar Qatar is operated by Lukhraib Rose LLC.

### **LONG** — for features, interviews, sponsorship documents

Drybar Qatar is the exclusive Qatar licensee of Drybar, the blow-dry bar that changed how women think about getting their hair done. Founded in Los Angeles in 2010, Drybar offers one thing and offers it exceptionally: the blowout. No cuts, no colour — a focused menu of signature styles delivered in a bright, welcoming space designed to feel like time reclaimed. Drybar Qatar opened its flagship on Gewan Island at The Pearl, Doha, open seven days a week from 9am to 9pm, and will open a second location at The Gate Mall in 2026. Alongside its service menu, Drybar Qatar carries the Drybar range of styling products and tools. Drybar Qatar is operated under licence by Lukhraib Rose LLC.

# One service, done properly

*The single most common mistake partners make is describing us as a full-service salon. We are not.*

## THE ONE THING TO GET RIGHT

We do not cut. We do not colour. If a caption, article or brief implies otherwise, it needs correcting before it publishes. This is the correction we make most often.

## What a blowout is

A wash, then a blow-dry finished to whatever look the guest wants — smooth and sleek, big and bouncy, or loose and undone. Forty-five minutes for short and medium hair, an hour for long. Pricing is set by hair length and time, not by the finish she chooses, so she picks the look she wants without thinking about cost.

## Also on the menu

- The Uptini and Half Uptini — updo styling, priced separately.
- Shirley Temple — our children's service.
- Add-ons — braiding, scalp massage, liquid glass, moisture, keratin and Crown Tonic treatments, and extensions styling. Full list and prices on page 05.
- Bridal and events — group bookings and bridal parties. Our busiest, most photographed work.
- Retail — the Drybar product and tool range is sold in shop.

## PRODUCTS

Talk to us before any collaboration built around Drybar retail products. Product approvals run on a different route from in-shop services and we need to clear it first.

# Services and prices

Prices are in Qatari Riyals and current at the date of this edition. Always confirm against the in-shop menu before quoting.

## Blowouts

| SERVICE                  | TIME                  | QAR |
|--------------------------|-----------------------|-----|
| Blowout — short / medium | 45 minutes (standard) | 257 |
| Blowout — long           | 1 hour                | 350 |

## Updos and children

| SERVICE        | DETAIL             | QAR |
|----------------|--------------------|-----|
| Uptini         | Full updo styling  | 425 |
| Half Uptini    | Half-up styling    | 275 |
| Shirley Temple | Children's service | 181 |

## Add-ons

| ADD-ON             | INCLUDES                                       | QAR |
|--------------------|------------------------------------------------|-----|
| Signature add-on   | Braid, scalp massage, liquid glass or moisture | 125 |
| Premium add-on     | Crown Tonic or Cure Liquor treatment           | 182 |
| Extensions styling | Adds 15 minutes to any service                 | 125 |

### DO NOT PUBLISH

Packages and memberships are available in shop. They are not to be published, quoted or promoted by partners — no tier names, no monthly prices, no session bundles, no discount percentages. If a creator wants to talk about value, the line is “packages are available in shop” and nothing more.

## Quoting prices in content

- You may state the standard blowout price if it is accurate on the day you publish.
- Always say “from QAR 257” rather than a flat figure, since long hair is priced differently.
- Never publish a discount, promotional rate, package price or membership tier without our written approval.
- Prices change. If your content will live longer than a few weeks, leave prices out altogether.

## Locations & access

| LOCATION       | STATUS                          | DETAIL                                                                                                                             |
|----------------|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Gewan Island   | Open · Flagship                 | Gewan Island, The Pearl, Doha. Open daily 9:00am – 9:00pm. The default location for all shoots, press visits and creator bookings. |
| The Gate Mall  | Opening September 2026          | Confirm the exact unit, level and opening date with us in writing before it appears anywhere public.                               |
| Third location | Under evaluation — confidential | A third site is being assessed. It must not be named, hinted at or geotagged in any content.                                       |

### ANNOUNCEMENT RULE

Do not announce an unopened location, a date, or a unit number without written approval from us. Landlord and franchisor agreements restrict what may be said and when. A well-meant “coming soon” post has real contractual consequences.

## Contact and booking

| FIELD            | DETAIL                                                                                                               |
|------------------|----------------------------------------------------------------------------------------------------------------------|
| Opening hours    | Daily, 9:00am – 9:00pm, seven days a week. Hours shift during Ramadan — ask us.                                      |
| Phone / WhatsApp | +974 7773 0600                                                                                                       |
| Booking          | Instagram direct message, phone, or WhatsApp. Online booking launching shortly — update this line when it goes live. |
| Instagram        | @thedrybar.qatar — our main channel and booking inbox                                                                |
| Languages spoken | Arabic and English                                                                                                   |

## Filming on site

- Book shoot time in advance on the number above. Do not arrive with a camera unannounced — we protect our guests' privacy and quiet.
- Ask us which slots are quietest before you plan a shoot day.
- Any guest who appears identifiably on camera must sign a written release. We can provide the form.

## Logo use

### PRIMARY LOCKUP

The wordmark, as supplied. Use this wherever space allows.

### QATAR BADGE

Circular mark for social avatars and small on-screen use. Never crop the circle.

### BEFORE YOU USE IT

Ask us for the artwork. We will send it to you directly — never take the logo from a screenshot, a web search, our Instagram grid or another partner's post. Those copies are compressed, often out of date, and sometimes not ours at all.

These files are for screen and small print. The lockup holds up to roughly 30 mm wide and the badge to roughly 25 mm. For signage, window vinyl, a backdrop, packaging or a full-page advertisement, ask us for print-ready artwork rather than enlarging these — stretched, they go soft and it shows.

## Clear space and minimum size

Keep clear space of at least X on all four sides, where X is the height of the letterform in the mark. Nothing enters that space — not text, not another logo, not the edge of the frame, not a busy area of photograph.

Minimum size: never place the logo so small that the wordmark stops being legible on a phone screen. If you are unsure whether it will hold up, send us the layout and we will tell you.

### Never do this to the logo

- ✗ Stretch, squash or rotate it
- ✗ Recolour it or add a gradient
- ✗ Add a drop shadow, outline or glow
- ✗ Place it on a busy or low-contrast photo
- ✗ Redraw, retype or trace it
- ✗ Combine it with another logo into a new mark
- ✗ Crop it, or use part of it as decoration
- ✗ Animate it without asking us first
- ✗ Put it inside a shape or badge of your own
- ✗ Use an old version pulled from the internet

# Colour and typography

**SCREEN VALUES**

The yellow and the grey below are sampled directly from our logo artwork, so they match the mark exactly on screen. They are screen values. If you are producing anything printed — a card, a backdrop, packaging, signage — ask us for the print specifications rather than converting these yourself. Printed colour never matches a screen value.

**Drybar Yellow** #FEDD30 · print values on request  
The signature, taken from the logo. Accents, highlights, one bold surface per layout.

**Wordmark Grey** #454235 · print values on request  
The ink in the logo. Match this when the mark sits on a light background.

**Butter** #FDF2C9 · print values on request  
Soft backgrounds, callouts, large calm areas.

**Charcoal** #262523 · print values on request  
Body text and dark surfaces. Use instead of pure black.

**Cream** #FCF9F2 · print values on request  
Default page and background tone. Warmer than white.

**Warm Grey** #8C867A · print values on request  
Secondary text, captions, labels.

## Typography

| ROLE           | TYPEFACE                                 | RULE                                                                                                                 |
|----------------|------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
| Brand typeface | Reserved                                 | The Drybar typeface is used only in artwork we produce ourselves. It is not issued to partners.                      |
| Use instead    | A clean geometric sans                   | For captions, subtitles and body copy in your own content. Never for the logo, and never set the words drybar in it. |
| Never use      | Script, novelty, condensed display faces | No handwriting fonts, no outlined type, no faux-luxury serifs, no all-caps stretched across a photo.                 |

**Hierarchy at a glance**

**Headline — short, warm, human**

Subhead — one line of useful context

Body copy stays generous and readable. Give it room to breathe; white space is part of the brand, not wasted space.

# How it should look

*Bright, warm and real. If an image feels cold, clinical or heavily retouched, it is off-brand.*

## The look

- Light. Natural and generous. Warm, not blue. No harsh flash, no moody shadow.
- Palette. Cream, yellow and charcoal should be visible in the frame. Let the room do the work.
- Hair. In motion. Bounce, swing and shine matter more than a static pose.
- Faces. Relaxed and genuinely enjoying themselves. Smiling beats smouldering.
- Finish. Light retouching only. Do not smooth skin into plastic or reshape faces.

## Shots we always want

- Chair-side, mid-blowout, brush in frame
- The room, wide, with no guests identifiable
- The product wall and retail shelves
- Exterior with signage, natural light
- Finished hair in motion — a turn, a walk
- Product flatlay on a clean warm surface
- Detail: a clip, a brush, a hand in hair
- Vertical 9:16 for reels and stories, always

## Technical

- Vertical 9:16 is the primary format. Shoot 4:5 and 1:1 as secondary. Always capture a wider safe area so we can recrop.
- Deliver unedited masters as well as your graded cut.
- Audio matters on video — room noise and dryers drown speech. Record voice separately where possible.

## Never in frame

- ✗ Another guest who has not signed a release
- ✗ Back-of-house, stock rooms, staff areas or paperwork
- ✗ A competitor's product, or a non-Drybar tool being used on a guest
- ✗ Cluttered stations, dirty towels, visible mess
- ✗ A guest mid-wash whose face is identifiable
- ✗ Anything that reads as a medical or hair-growth claim

### CONSENT

Every identifiable guest — including a partner's own friends brought along for a shoot — must sign a written release before filming. Ask us for the form. This is not negotiable and it protects you as much as it protects us.

# How we sound

Warm, playful and confident. We are the good part of someone's day, not a clinic and not a members' club. Speak like a friend who happens to be very good at hair.

## We are

- Warm — genuinely pleased you came in
- Playful — light, never silly
- Confident — we know exactly what we do
- Effortless — the result looks easy
- Inclusive — every hair type, every guest

## We are not

- ✗ Clinical — no treatment-room language
- ✗ Salesy — no countdowns, no pressure
- ✗ Snobby — never exclusive or superior
- ✗ Medical — no repair, growth or cure claims
- ✗ Overwrought — no luxury clichés

| USE                                   | AVOID                                     |
|---------------------------------------|-------------------------------------------|
| blowout, style, bounce, shine, finish | treatment, procedure, session, therapy    |
| book a chair, come in, pop by         | reserve your appointment slot now         |
| an hour that is yours                 | pamper yourself, indulge, treat yourself  |
| we love, we are obsessed with         | world-class, unrivalled, elite, exclusive |
| healthy-looking, glossy               | repairs damage, regrows, heals, cures     |

## English and Arabic

- Both languages matter here. Publish key posts bilingually rather than choosing one.
- Arabic copy should be written, not translated word for word. A literal translation of a playful English caption reads awkwardly — rewrite for the same feeling.
- Keep Drybar in Latin script. Do not transliterate the brand name or the trademarked style names into Arabic.
- Modern Standard Arabic for captions, with a light Gulf warmth. Avoid heavy dialect in written copy; it is fine in spoken video.
- Right-to-left layout must be set properly — not an English layout with Arabic dropped into it.

### QATAR MARKET SENSITIVITY

Several Drybar style names come from cocktails. Keep the official trademarked names as they are, but never build creative, props, sets or captions around alcohol or bar imagery in the Qatar market. Also plan around Ramadan and Eid, and keep all imagery modest and locally appropriate. When unsure, ask us before you shoot.

# Handles and tagging

| CHANNEL   | HANDLE            | NOTES                                                                            |
|-----------|-------------------|----------------------------------------------------------------------------------|
| Instagram | @thedrybar.qatar  | Our main channel and our booking inbox. Tag in the image and the caption, both.  |
| TikTok    | Not active        | Do not create or imply an account. Tag Instagram instead.                        |
| Snapchat  | Not active        | Strong channel in this market — under consideration.                             |
| Facebook  | Not active        | Do not tag.                                                                      |
| Website   | Launching shortly | Until it is live, send people to Instagram or WhatsApp — not to a search result. |

## WHERE TO SEND PEOPLE

Instagram is the front door — it is where people discover us and where they book. Send traffic there or to WhatsApp on +974 7773 0600. Never to a website or map pin that is not live yet.

## On every post

- Tag @thedrybar.qatar in both the caption and the image itself, and add the location tag for Gewan Island, The Pearl.
- Use the primary hashtag, plus one or two others at most. Long hashtag walls are off-brand.
- If the collaboration is paid or gifted, disclose it — see page 12.
- Send us the link once it is live so we can reshare it.

## Hashtags

| TIER     | TAGS                                     | USE                                                              |
|----------|------------------------------------------|------------------------------------------------------------------|
| Primary  | #DrybarQatar                             | Every single post. Non-negotiable.                               |
| Local    | #Doha #Qatar #ThePearlQatar #GewanIsland | Reach in market. Pick what fits, do not stack all.               |
| Campaign | Issued by us, per campaign               | Only use a campaign tag when we have given it to you in writing. |

## Reposting and rights

- We may reshare your content with credit. Tell us in advance if you would rather we did not. We will not use it as a paid advertisement without agreeing usage rights first.
- Do not post our photography, video or graphics as your own work without written permission.

# Collaborations

## How it works

| STEP        | WHAT HAPPENS                                                                                                                                                   |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Brief    | We agree in writing what is being made, where it will run, and by when. Nothing starts on a verbal understanding.                                              |
| 2. Booking  | Message +974 7773 0600 or our Instagram to schedule your visit at a time that suits filming. Arrive on time — the chair after yours belongs to a paying guest. |
| 3. Shoot    | You shoot within the rules on pages 07 to 09. We are on hand if anything is unclear.                                                                           |
| 4. Approval | Send the draft at least 48 hours before you intend to publish. We check facts, tags and brand use only — not your creative voice.                              |
| 5. Publish  | Post as agreed, with disclosure, and send us the link.                                                                                                         |
| 6. Report   | Share your metrics after 7 and 30 days: reach, saves, shares, clicks.                                                                                          |

## What we ask you not to do

- ✗ Speak on behalf of Drybar globally — you are working with Drybar Qatar, operated by Lukhraib Rose LLC
- ✗ Publish package prices, membership tiers, discount codes or giveaways without our written approval
- ✗ Imply we cut or colour hair
- ✗ Make claims about repairing damage, regrowing hair, or any medical or therapeutic benefit
- ✗ Compare us by name to another salon, or criticise a competitor
- ✗ Film or photograph other guests or staff without written consent
- ✗ Mention any unopened or unannounced location
- ✗ Discuss commercial terms, staff matters or anything you learn on site that is not public

## Disclosure

Paid and gifted collaborations must be disclosed clearly, in the language of the post, using the platform's own paid-partnership tool where one exists — not buried in a hashtag at the bottom. Disclosure protects your audience's trust and ours. If a brief asks you to hide a commercial relationship, that brief did not come from us.

## Commercial terms

Deliverables, paid usage rights, exclusivity and fee are agreed with each partner individually and confirmed in writing before any work starts. If you have not had that confirmation from us in writing, the collaboration has not been agreed — whatever was said in a conversation or a direct message.

# Do's and don'ts

## DO

- Use the official logo file, unaltered
- Say “blowouts only — no cuts, no colour”
- Shoot bright, warm and vertical
- Tag @thedrybar.qatar in caption and image
- Send people to Instagram or WhatsApp
- Send drafts 48 hours before posting
- Disclose paid and gifted work clearly
- Get written consent for anyone on camera
- Say “from QAR 257”, not a flat price
- Publish in Arabic and English

## DON'T

- ✗ Recreate, recolour or stretch the logo
- ✗ Describe us as a full-service salon
- ✗ Grade cold, blue or heavily filtered
- ✗ Tag TikTok, Snapchat or Facebook — no accounts
- ✗ Link a website or map pin that is not live
- ✗ Post first and check afterwards
- ✗ Publish package or membership pricing
- ✗ Film guests or staff without a release
- ✗ Speak for Drybar worldwide
- ✗ Machine-translate Arabic copy

*When something is not covered in this kit, the answer is always the same: ask before you publish. A two-minute message prevents a post we have to ask you to delete.*

ONE MORE THING

# Ask before you publish.

Everything in this file exists so you do not have to guess. When something is not covered here, message us — a two-minute answer is easier for both of us than a post we have to ask you to take down.
